Administration of the Cantonment.

6. Read—Letter from Mr. Leonard, Municipal Commissioner, No. 5 Division, suggesting that steps should be taken at the next ordinary meeting of the Commissioners to elicit an expression of opinion from the Chief Commissioner as to the manner in which it is intended to carry out the Municipal administration of the Cantonment consequent on the approaching administrative changes in the Province.

Mr. Leonard's letter suggesting that steps should be taken at the next ordinary meeting of the Commissioners to elicit an expression of opinion from the Chief Commissioner as to the manner in which it is intended to carry out the Municipal administration of the Cantonment consequent on the approaching administrative changes in the Province having been read, the President observed that he had been informed by Mr. Gordon that it was intended to revert to the former system under which the Cantonment Magistrate was also by virtue of his office to be President of the Municipal Board ; he further explained the circumstances which led to the adoption of the present system of Municipal administration and read to the meeting an extract from the Proceedings of a meeting of the Board held on the 10th February 1870.

Mr. R. P. Campbell and other Commissioners, both European and Native, deprecated the change now proposed and which seemed to be regarded by all as a retrograde step and one that would prove injurious to the interests of the Municipality. After some further discussion the following resolution having been proposed by Mr. Leonard and seconded by Mr. Standish Lee was finally put to the meeting and unanimously agreed to.

Resolution.—That a Committee be nominated to sit at once for the purpose of drawing up a representation to the Chief Commissioner expressing the views of the Board on the changes now proposed to be introduced into the administration of the Cantonment Municipality and that the Committee wait personally on Mr. Gordon as a deputation from the Commissioners to explain further their views and sentiments. The following Commissioners were nominated to form the Committee :—

Dr. J. H. Orr.	Captain P. Curley.	Mr. T. T. Leonard.
